

LIVING ROOM

Before...A little plain

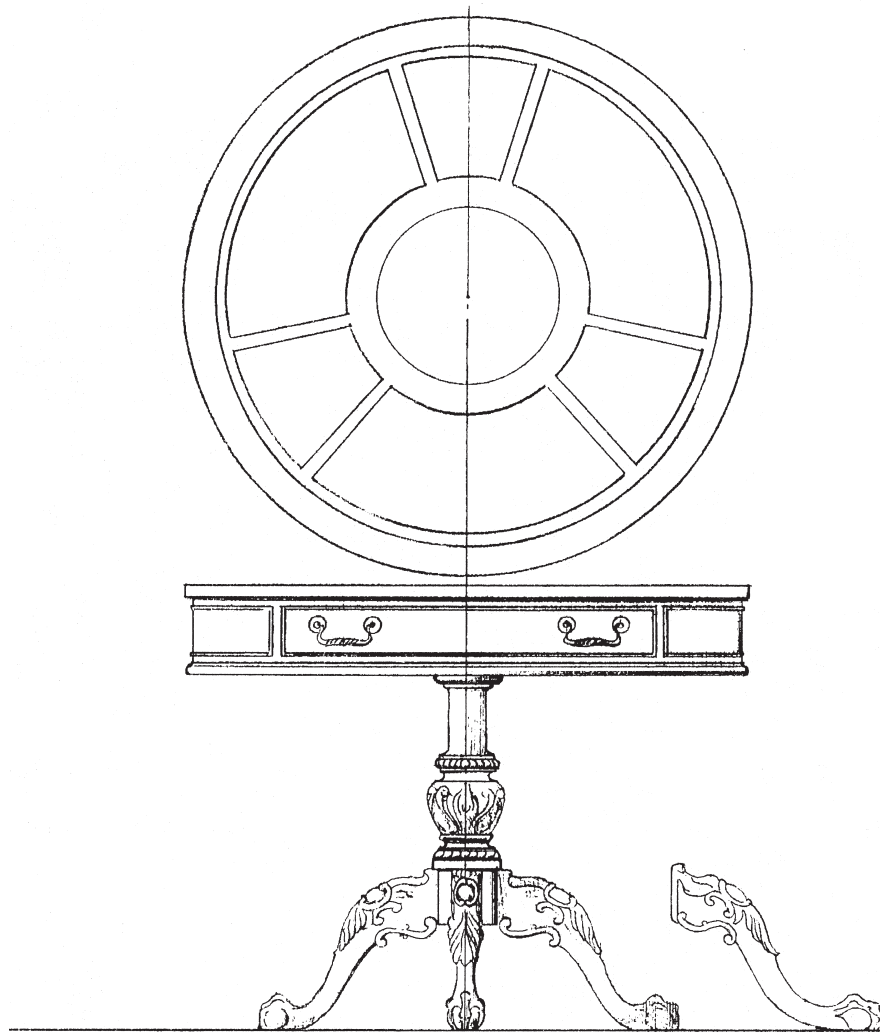

After...A lot of panache!

This living room lacked comfort and character. Warmer wall color, soft, full draperies, generous oversized sofa, clever lighting and special occasional furniture bring this room from cold and stiff to warm and inviting.

Susan Kelly Interior Design

The right piece of furniture is not always available in the market. We have expert sources for design, cabinetry, and carving — able to produce exceptional pieces to your specifications.
